Our Experience

For 17 years, All Pro Moving & Commercial Warehousing's fleet of trucks have left customers throughout the Western Slope satisfied by our prompt, professional service and courteous staff. Our ability to accomplish a task big or small has earned us a reputation as the "go to guys" for moving and commercial warehousing needs. These are some of the benefits of choosing our commercial warehousing:

- Temperature controlled
- A starting point for you
- Ability to grow with you as you grow
- A full fleet of box trucks
- Forklifts with certified forklift drivers
- Trained staff that pride themselves on being the best
- Fulfilling you Logistic Needs
- Inventory tracking

We are your solution to all of your warehousing needs. At All Pro Moving & Commercial Warehousing, we **succeed where others don't**, because we **will do what others won't**.

Expand Your Operations Reduce Cost

With 29,000 square feet of multi-site warehouse space, commercial warehousing with All Pro Moving & Commercial Warehousing allows your business to start or expand operations at a fraction of the cost of new construction or temporary storage solutions. In addition to gaining valuable floor space, you are partnering with a team of professionally trained warehouse staff, saving you the cost of personnel.

Seamless Operations

Our commercial warehousing capabilities offer seamless integration to your current operations through:

- Scheduled and on demand handling
- Large truck fleet for delivery, pick-up and distribution services
- Immediate notification of handling
- Access to product for inspection, pickup and shipping
- Dedicated team of warehouse support staff

Robust Capabilities, Tailored To Your Needs

From interior designers to flooring dealers, bottles empty or full, cardboard and product manufacturers, our commercial warehousing services fit every business and every need. Here are just a few of the benefits of expanding your operations with All Pro Moving & Commercial Warehousing:

- Inbound and outbound product or material handling
- Inspection for damage, defects and accurate shipments with documentation
- Inventory tracking
- Order fulfillment
- Delivery and Distribution services
- Secure, temperature controlled warehousing
- Prompt, professional, courteous drivers and warehouse support staff
- Warehouse space for your pallets, skids, vaults, containers, tubs, drums, boxes and much, much more
- Packing, crating and shipping services
